

[31 de octubre de 1960](#)

- Visit to the University of Havana and the University Stadium, talking with hundreds of young people who had volunteered for the militia. He gives a speech where he states: **"A people like this one which we see here before us, a people whose best sons and daughters are ready to give their all for the Homeland; this number of good children shall surely make our enemies think. Besides, not only do we have courage and morale, we have sufficient weapons."**
