

[May 30th 1955](#)

- The newspaper **La Calle** publishes on the front page the article by Fidel under the title "**Chaviano, the agitator**", in which he responds to accusations by regime representatives and the dictator himself. In it he writes: "***It is not with threats that response is to be given to the truths of my article. Threats, moreover, are worth nothing where irrefutable truths are spoken.*** "
